Application For Home Repairs (continued)

Briefly describe the repairs needed: _____

What assistance with repairs has been previously received, when and from whom (either by Christmas in Action or other agencies)?

Christmas In Action Spartanburg is a home improvement project in which volunteer teams repair the homes of residents who are unable to do the needed repairs. Volunteers typically work for one day and may not be able to complete all the needed repairs. This application will go before the Board of Directors of Christmas in Action Spartanburg who will decide if they can assist with the repairs requested. The homeowner will be notified by letter upon acceptance. If a home is chosen for this service project, there will be no charge to the homeowner for the services. A site selection team will then call to visit the home to identify all needed repairs and make a materials list to complete the project.

(Note: All Able-Bodied Residents Are Expected To Participate In The Rebuilding Effort.)

Proof of Ownership: By signing this document I attest that I own and live in the house address given above in this application and can provide evidence of ownership and income level's if requested.
